CHAMBER OF COMMERCE

ATTORNEY FREDERICK BAKER GIVES HELPFUL ADVICE TO MEMBERS

(By Walt. Le Noir Church, Sec.)

The most interesting Chamber of Commerce meeting thus far in the year was held Thursday night at headquarters. It began at 8 and closed at 10, but those two hours were filled with serious discussion of and practical action pertaining to things of importance to Glendale's growth and prosperity.

Chairman Cowan announced that the special speaker of the evening was ex-city attorney Frederick Baker, too well known to need introduction.

Mr. Baker told of a delightful family auto trip to Lake Tahoe via Sacramento and Truckee. Though thirty years in California, he found a number of things as new to him as they were attractive, not the least of which is the splendid old San Juan Mission, the finest, he thinks, in Southern California. He enumerated several things he saw on that trip which would be good for Glendale to have as soon as may be.

First (agricultural). At the state farm the University of California Agricultural experiment station. We should have such in Southern California. Los Angeles county alone produces more agricultural value from the soil than any other county in the United States.

Second (municipal). At Sacramento are fine arrangements for auto parties to camp in McKinley park,—cement floors, tent frames, ample water and wood, electric lights, shower baths, all free. Dozens of tourists in autos camp there every night. It causes a great deal of money to be spent in Sacramento by tourists.

Third. Even in rural places we found the inclination to have a public hall, a civic center, a neighborhood house, a place for getting together. The Oakland auditorium is in the lead as the most beautiful and costly. The one at Visalia also is creditable. Glendale needs a park around which these things may gather, civic center, playgrounds, etc. With our credit power we could get all these things without difficulty, if we would, and surely they are very much needed.

Fourth. Since travelers judge a town by first appearances, we should not only have all our streets and vacant lots kept neat and clean, trees trimmed, etc., but our vacant lots should be cultivated. Enormous quantities of land are wasted in Southern California. If the war continues, as seems likely, the produce will be needed. We should have a vacant lot bureau which should also beautify Glendale with more trees and flowesr.

Fifth. We have fine water and light under good management, fortunately, but we need municipal gas. We could easily get it very much cheaper if we had our own distributing system. We need only to use our credit. Vote the bonds. The Chamber of Commerce should get behind such a movement.

Sixth. Last night in Los Angeles I attended a meeting of city attorneys. The city engineer reported a deficiency in the amount provided for the Ivanhoe bridge, some $3000 or more lacking. I suggest that we see if our city government can do anything.

Seventh. There are too few of us here to-night. I am as guilty as any in not giving more time to the Chamber of Commerce. I came to-night on short notice from my good friend, President Cowan. We need more of the right sort of civic spirit in Glendale. The Chamber of Commerce could help promote it so that different opposing interests might get together and reach a common basis of action for the common good.

Mr. Baker made a strong plea for the development of a spirit of brotherhood. He was heartily applauded. Some of the suggestions made by Mr. Baker were discussed and questions were asked him.

Mr. Mattison B. Jones: Do you mean to emphasize our need for a generating gas plant? Mr. Baker: There is no question of a generating gas plant. We should use natural, piped down on San Fernando Road, also an equalization pressure, management an easy matter of engineering. We should buy gas at wholesale and distribute it to our people on the best terms we can afford for the people's benefit.

Mr. George H. Bentley: With gas at 15 cents wholesale, what would be the probable cost of distribution? Mr. Baker: That depends. The city engineer should furnish all details and statistics and they should be published for the people's use before an election to vote bonds.

Mr. Sprowls: Are the people who own the gas the ones who distribute it? Mr. Baker: No, the owners sell it wholesale to the distributors. The Railroad commission would regulate the price.

Chairman: Can any one give more light on gas? I understand they use natural gas to make artificial gas, so they can charge more for it. Mr. Baker: I do not know personally. It is said they mix the natural and the artificial gas.

Chairman Cowan brought up the question of fire protection. He said: "Not many months ago we had an election to vote bonds for fire protection, but it did not arouse enough interest to be carried. But if more fire protection be necessary, ought not the Chamber ofCommerce do something to help carry the proposed election?

Mr. Sprowls: When up before there was such a lack of confidence in the people, based perhaps on a misunderstanding of the facts. If we need more fire protection and the question is to be put before the people, the Chamber of Commerce should get behind it.

Mr. Baker: I understand our fire insurance rates have been raised because we do not have sufficient fire protection. The Board of Fire Underwriters should be asked to go on record as to the facts before the election.

YOUNG APPOINTED

FORMER TRUSTEE WILL FILL VACANCY LEFT BY RESIGNATION OF RICE

Mr. C. W. Young of Eagle Rock was appointed by County Superintendent of Schools Mark Keppel, on Thursday as a member of the Glendale Union High School Board of Trustees, to fill the place left vacant by the resignation of Mr. W. F. Rice, who is absent in South America. Mr. Young has been prevailed upon by the members of the board and the people of Eagle Rock to accept this appointment since he is so thoroughly conversant with school affairs and so especially fitted for the position by his long term of service on the board previous to the last election. Mr. Young felt at the time of the election that he must give all of his time to his own very pressing affairs, and so refused to run again for the office. His devotion to public duty as shown by his acceptance of the present appointment should be much appreciated.

SATURDAY AFTERNOON FOR BOYS AND GIRLS

There will be a meeting for boys and girls at the Tabernacle, Saturday afternoon, September 29th, at 2 o'clock. Mr. Rodeheaver is to speak to the boys and girls. All the Glendale young folks of the ages nine to sixteen are cordially invited to be at this meeting, as well as their parents and Sunday School teachers. Don't miss it, for Mr. Rodeheaver has planned a fine afternoon.

SUMMER ROSES

That roses may be brought to perfection during the hot weather as well as in the spring has been proved by Judge Lowe, who makes roses his hobby and who has many rare and beautiful varieties in his gardens at 1441 Patterson avenue. Mr. Lowe presented the News office with a bouquet of choice blossoms this morning, including some fine specimens of the beautiful Los Angeles rose.

FINE ADDITION TO UNCLE SAM'S ARMY FOR SOMEWHERE IN FRANCE

A happy gathering and farewell sendoff was consummated in honor of Mrs. M. J. Rowantree's foster son, Mr. G. H. Atchley, a fine engineering expert, who has been given a captain's commission and ordered to report at Fort Leavenworth, Kansas. A fine specimen of manhood, he presented in his new uniform and it is such as these that compose mostly Uncle Sam's army, which will soon be heard of somewhere in France, when the great Allied drive commences to end quickly and forever this great and terrible war.

It was a glad hearted, tear dimmed company of friends that wished him God speed and a speedy and safe return, from the home of Mr. and Mrs. J. J. Freeman, 262 W. 5th St., Glendale. The sun shown in all it's glory and splendor at his departure, presaging an omen of good luck for one of America's strongest units in this great struggle.

FEARFUL SLAUGHTER AT ZONNEBEKE

CONTINUOUS BATTLE FOR POSSESSION OF RIDGE CONTROLLING FLANDERS MARKED BY BLOODSHED

(Special Service to Glendale Evening News)

LONDON, September 28.—No slaughter of Germans since the first battles of the Ypres can be compared to the terrible losses inflicted on the enemy in the last two battles around Zonnebeke, Gen. Maurice, director of operations, stated to-day. Since the end of July there has been practically one continuous battle for possession of Zonnebeke ridge, which is the key to the whole Flanders field.

SHIPYARD WORKERS STRIKE CONTINUES

WORK WAS NOT RESUMED TO-DAY IN SAN FRANCISCO BAY PLANTS AS HAD BEEN PLANNED

(Special Service to Glendale Evening News)

SAN FRANCISCO, September 28.—Not a wheel turned in any of the big shipbuilding plants around San Francisco bay to-day, although this was the day set for the resumption of work under a temporary agreement reached by the employers and iron trades council in an effort to end the strike. Following the announcement that the boiler makers' union refused to accept a temporary agreement, the employers kept the plants closed. Thousands of strikers appeared for work this morning but found the gates locked.

HURRICANE APPROACHES NEW ORLEANS

STORM TRAVELING AT THE RATE OF EIGHTY-FIVE MILES AN HOUR MOVES TOWARD CITY

(Special Service to Glendale Evening News)

NEW ORLEANS, September 28.—An 85-mile hurricane which was expected to reach this city about noon to-day is traveling some what slower than was estimated. According to the weather report it does not strike here until to-night. Shortly before noon the center of the storm was over the mouth of the Mississippi river, where the wind was blowing 85 miles per hour.

HEFLIN WITHDRAWS CHARGES

CHAIRMAN OF HOUSE RULES COMMITTEE DECLARES AGAINST INVESTIGATION ASKED BY ALABAMAN

(Special Service to Glendale Evening News)

WASHINGTON, September 28.—Representative Heflin of Alabama has withdrawn his charges against the integrity of certain Congressmen. Chairman Pou of the House Rules committee so declared on the floor of the House to-day announcing his decision against a slush fund for the Heflin investigation.

CAMPAIGN FOR SECOND LIBERTY LOAN

McADOO CALLS UPON THE BANKERS OF AMERICA TO FLING BACK ENEMY ON FIELD OF FINANCE

(Special Service to Glendale Evening News)

ATLANTIC CITY, September 28.—Opening the campaign for the second liberty loan for $3,000,000,000, Secretary McAdoo called upon the bankers of America to-day to fling back the German hordes on the battlefields of finance. The failure of a single issue of government bonds, McAdoo said, would be worse for America than a great disaster on the field of battle. America's forthcoming bond issue is pitted against a corresponding issue in Germany which closes nine days before ours, the closing day of which is October 27.

HOUSE TO HEAD U. S. PEACE BUREAU

DEPARTMENT HAS NO CONNECTION WITH PEACE NEGOTIATIONS AT THIS TIME

(Special Service to Glendale Evening News)

WASHINGTON, September 28.—The United States government has established a peace information bureau with Col. E. M. House heading it, the state department announced to-day. At the same time the state department said emphatically that the purpose of the Bureau has absolutely no connection with peace negotiations at this time.

RUSSIAN DESTROYER SUNK

AN ATLANTIC PORT, September 28.—A United States battleship is ashore on the Atlantic coast, the navy department reported to-day. The vessel is in no immediate danger. Naval vessels are standing by.

EXTENSION WORK

GLENDALE MAY BECOME SOUTHERN CALIFORNIA CENTER OF UNIVERSITY WORK

Glendale may become a center for University Extension work in Southern California. About a dozen people met in the Intermediate school, Third and Kenwood, Tuesday, and practically completed arrangements for a course in history to be given by Dr. Frank Klingberg, Professor of History at U. of S. C. Renaissance and Reformation will be the subject given. This is but the forerunner of other courses to be established in this community, providing there is sufficient demand. All work will be conducted along the same lines as if the course were taken at the University and full credit will be allowed for work completed in a satisfactory manner. This is an excellent opportunity for people living in this community who are unable to attend the classes at the University, and the efforts of the University should receive hearty support. Auditors will be admitted to the classes for one-half the regular tuition fee. Classes will be conducted weekly, Tuesday from 7:30 to 9:00 p. m.

SURPRISE WEDDING

The many Glendale friends of Miss Beulah Cole, 471 East Second street, and Mrs. Neil S. Westbrook, whose home has been at 445 East Second street, will be surprised to hear of their marriage on Monday, September 24th, though the engagement has been known for some time. The ceremony was peformed at noon on Monday at the home of Rev. Mumper, Methodist minister, at the Mission Apartments, Second and Olive streets, Los Angeles. The bride was attended by her sister, Miss Bertha Cole. Only members of the immediate family were present. Mr. and Mrs. Westbrook came out to Glendale on Thursday after a brief hoenymoon "somewhere in California," the most definite information to be gained from the bridal couple. They went immediately to their new home, 810 West Third street, where they will be "at home" to their friends. Mrs. Westbrook has been employed for the past three years in the offices of Dr. Boyer and Dr. Hogue in the First National Bank building. Mr. Westbrook is employed in the public service department of the city and took advantage of his vacation this week for his surprise honeymoon.

WANTED—100 PIES

There are more than 100 boys of the 9th Co. on Dead Man's Island. Let us have 100 pies, so that every boy can have a whole pie. Pie Day is Thursday, October 4th. Send in your pies to Chamber of Commerce on Wednesday, or before 10 o'clock Thursday morning. The easiest pies to carry are those with a top and without much juice. Each pie should have a paper plate top and bottom, with oiled paper between plate and pie. Please do not send china plates or tin pans that must be returned; send paper plates in all cases. We hope our kind friends, many of them, will make two pies each, one from herself and one to make up for somebody who does not send in any. Those who cannot make pies are urged to send in a money contribution before Wednesday, so that Dr. Harrower can order pies made. Whatever happens, let us have 100 pies. The boys know about Pie Day; let us not disappoint them. A word to the wise: Cheese goes splendidly with pie. October 4 is Pie Day for "our boys." Who will donate a few pounds of cheese to accompany the pies?

JOE WILSON AT CAMP LEWIS

Joe Wilson, who is among Glendale's young men who are now in Uncle Sam's army, writes from American Lake, Wash., that the Glendale boys arrived there on Sunday evening and were at once taken in charge by army officers. All the Glendale fellows are quartered together. Mail will reach them if sent to 316, Trains and Mounted Police, 33 H. A., Camp Lewis, American Lake.

CLUB WOMAN'S CONFERENCE

Mrs. A. L. Weaver, Dr. Jessie Russell, Mrs. Arthur C. Brown, Mrs. Opal Greenwalt and Mrs. Larkey were among the ladies who attended the all-day conference of clubs of the Los Angeles district held at the Broadway Department Store auditorium yesterday. A lovely luncheon was enjoyed and fine addresses given. Mrs. Mattison B. Jones, past president of the Tuesday Afternoon club of Glendale, is president of the district federation.

TRUSTEES' MEETING

PASS RESOLUTIONS OF SYMPATHY ON DEATH OF MR. RANDOLPH

The Board of Trustees assembled at 8:20 p. m., September 27, 1917. All members present at roll call.

The minutes of last regular meeting read and approved.

A communication was read from the Railroad Commission of the State of California, giving notice of postponement, until October 9, of the rehearing in the case of the Southern California Gas Company with the request to advance the price of gas. On motion communication was referred to the City Attorney.

The City Clerk made a report in regard to insurance policies expiring during the present calendar year, and upon motion of Trustee Grist was instructed to advertise for bids for the following items of insurance:

Fifteen Hundred ($1500) Dollars, furniture and fixtures in the Public Library,

Six Thousand ($6000) Dollars, City Hall building,

Three Thousand ($3000) Dollars, Fire House,

insurance to take effect at the expiration of existing policies.

The following resolution was adopted:

Whereas, Mr. A. W. Randolph, at one time a member of the Board of Trustees of this City, has suddenly been called from the scene of his earthly activity in a tragic manner that has caused a shock to the community in which he was well and favorably known, be it therefore

Resolved: That we deplore the loss of a good citizen and an upright man and hereby tender to his bereaved wife and others most near to him, our sincere sympathy and condolence.

Be it further resolved that a copy of this resolution be spread upon the minutes of this meeting and that a copy be forwarded to Mrs. Randolph.

On motion of Trustee Grist it was ordered that the ordinance calling a bond election for the purpose of deciding the matter of securing an additional fire engine and pump and other equipment for the Fire Department, be taken up for a third and final reading. The ordinance was read and upon motion of Trustee Grist was adopted with the following vote:

Ayes: Thompson, Grist, Jackson, Muhleman, Woodberry.

On motion of Trustee Jackson the matter of the request of Mr. Hewitt of the Glendale Laundry for the use of fire hose, was referred to the Chief of the Fire Department.

FAVORS CONSOLIDATION

The making of one big fine city of Glendale from the mountains down to the railway crossing in Tropico, the border line of Los Angeles, or logically speaking, the gateway to this wonderful and beautiful San Fernando valley. The writer who has resided in Tropico for the past six years, and traveled around some, has always argued this point of consolidating Tropico with Glendale, as the only remedy to pick up and deliver out of the slough of despond, Tropico. It only takes a half an eye to see the wonderful benefits that Tropico will derive from it's consolidation with Glendale. In unity we stand, divided we fall, is a true axiom. Glendale, with its wonderful resources, and a fine managing board, shoulder to shoulder with some of the good material that Tropico can provide will open up one of the best suburban cities adjacant to Los Angeles.

I notice with pride the large number of signatures obtained by the competent committee on the petitions handed in to the Tropico Board of Trustees Tuesday evening last, of over 560 registered voters. This gives one an idea of the public sentiment evinced, and will no doubt be a great factor in the next consolidating election.

Yours Truly,
F. BOOTH.
429 Gardena Ave., Tropico.

HOSPITALITY COMMITTEE CONFER

Mrs. G. H. Rowe, 516 Orange street, who is the chairman of the Tuesday Afternoon hospitality committee, entertained the members of her committee yesterday at her home. Mrs. W. W. Ramsay, the president of the club, was present as guest. A very pleasant social afternoon was spent, and plans were made for the coming year. Mrs. Rowe served cold refreshments suitable for a hot day. Her daughter, Nellie Genevieve, helped her very charmingly in entertaining by giving several readings.

GLENDALE, CALIFORNIA, FRIDAY, SEPTEMBER 28, 1917

ORDINANCE NO. 314

AN ORDINANCE OF THE CITY OF GLENDALE, CALLING A SPECIAL ELECTION TO BE HELD IN THE CITY OF GLENDALE ON THE 30TH DAY OF OCTOBER, 1917, AND SUBMITTING TO THE QUALIFIED VOTERS OF THE SAID CITY THE PROPOSITION OF THE INCURRING INDEBTEDNESS FOR THE ACQUISITION BY SAID CITY OF A CERTAIN MUNICIPAL IMPROVEMENT, TO WIT: FIRE FIGHTING APPARATUS AND EQUIPMENT; PROVIDING FOR THE ISSUANCE OF BONDS THEREFOR, SUBDIVIDING THE CITY INTO ELECTION PRECINCTS, DESIGNATING THE POLLING PLACES AND APPOINTING ELECTION OFFICERS FOR SAID ELECTION

WHEREAS, the Board of Trustees of the City of Glendale did, on the 13th day of September, 1917, by a vote of more than two-thirds (2-3's) of all its members, duly pass and adopt a resolution determining:

That the public interest and necessity demand the acquisition by the City of Glendale of a certain municipal improvement, to wit:

Fire-fighting apparatus and equipment, including automobile pumping engine, hose and other fire-fighting equipment.

That the estimated cost of said municipal improvement and utility is the sum of Seventeen Thousand ($17,000.00) Dollars and is and will be too great to be paid out of the ordinary annual income and revenue of the municipality. Said improvement would require an expenditure greater than the amount allowed for the same by the annual tax levy; and

WHEREAS, said resolution was duly signed and approved by the President of the Board of Trustees of the said city on the 13th day of September, 1917, and was attested and certified to by the City Clerk, and was duly published on the 14th day of September, 1917, in the Tri-City Progress, a weekly newspaper printed, published and circulated in the City of Glendale.

NOW THEREFORE, the Board of Trustees of the City of Glendale do ordain as follows:

SECTION 1. That a special election be held, and the same is hereby called to be held, in the City of Glendale, on Tuesday, the 30th day of October, 1917, for the purpose of submitting to the qualified voters of said city the proposition of incurring indebtedness and issuing bonds of said city in the amount hereinafter set forth, and for the purpose set forth in said resolution hereinafter stated.

SECTION 2. That the objects and purposes for which said indebtedness is proposed to be incurred and bonds issued therefor are as follows, to wit:

The acquisition of fire fighting apparatus and equipment, including automobile pump and engine, hose and other fire fighting equipment.

SECTION 3. That the estimated cost of said proposed municipal improvement and utility described in Section 2 hereof, to wit:

The acquisition of fire fighting apparatus and equipment, including automobile pump and engine hose and other fire fighting equipment is Seventeen Thousand ($17,000.00) Dollars; that the amount of the principal of the indebtedness to be incurred therefor is the sum of Seventeen Thousand Dollars ($17,000.00), and that the rate of interest to be paid on said indebtedness shall be five per cent. (5%) per annum, payable semi-annually; that if the proposition for incurring said indebtedness for said purpose, so submitted at said election, receives the requisite number of votes, to wit: two-thirds (2-3) of the votes of the qualified voters voting at such election, bonds of said city in the amount of Seventeen Thousand ($17,000.00) Dollars, shall be issued and sold for the purpose of acquiring and constructing said municipal improvement and utility; both principal and interest of said bonds shall be payable in gold coin of the United States of the present standard weight and fineness.

SECTION 4. The polls of said election shall be open at six o'clock on the morning of the day of election, and shall be kept open until seven o'clock of the afternoon of the same day, when the polls shall be closed, except and provided, however, that if, at the said hour of closing, there are any voters in the polling place, or in the line at the door thereof, who are qualified to vote and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote. But no one who shall arrive at the polling place after seven o'clock in the afternoon shall be entitled to vote, although the polls may be open when he arrived.

The ballot to be used at said election shall be printed substantially in the following form.

INSTRUCTIONS TO VOTERS

To vote in favor of the proposition stamp a cross (x) in the voting square to the right of and opposite the word "Yes"; to vote against the proposition stamp a cross (x) in the voting square to the right of and opposite the word "No."

ALL MARKS EXCEPT THE CROSS (X) ARE FORBIDDEN.

ALL DISTINGUISHING MARKS OR ERASURES ARE FORBIDDEN AND MAKE THE BALLOT VOID.

If you WRONGLY STAMP, TEAR OR DEFACE THIS BALLOT, return it to the inspector of the election and obtain another.

Shall the City of Glendale incur a bonded debt of Seventeen Thousand Dollars ($17,000.00) for the acquisition of fire-fighting apparatus and equipment, including automobile pumping engine, hose and other fire fighting equipment?	Yes No

SECTION 5. For the holding of the said election said City of Glendale is hereby districted and subdivided into six (6) municipal election precincts as follows: and the boundaries of said six precincts and polling places of same are hereby fixed and established by the Board of Trustees of the City of Clendale as follows: and the following named persons are hereby appointed officers of election for such election respectively:

Mr. Frank Liddell, Jr., of Battery F was out in Glendale on Thursday and had dinner with his parents at their home, 234 North Kenwood. The boys of Battery F leave for Linda Vista on Sunday morning.

CHAMBER OF COMMERCE

(Continued from page 1)

is the best governed city in California. I think we ought to get behind our city trustees. They know the facts and they know the fire protection bonds should be voted.

Chairman Cowan: Here are the facts. We have a fire truck to make a run to the fire, but no water pressure. All it can do is to throw chemicals. We need a force pump. It will cost about $17,000 including hose to make our equipment efficient. I do not know whether the people wish to go to the expense. At present it looks like failure. If so, why go to the expense of an election.

F. H. Vesper: I feel as does Brother Usilton. We have the best governed city and reliable trustees. But a campaign of education is needed. The people do not know all the facts. I have learned to-night much more about the situation than I knew before. We may have to have a disastrous fire before the voters will realize the need of more fire protection. It looks now as if the people would do nothing. We should get the Board of Underwriters to publish the facts.

Mr. Sprowls: The people are likely to vote against the fire protection bonds because the need is not realized, though the need does exist. Let the Chamber of Commerce head the campaign to bring out the facts.

Mr. Bentley: I am heartily in favor of these bonds but it may take a big fire to make the people see how much we need better fire protection. I will do all I can for the election.

Chairman: The trustees are handicapped. The more they would urge the election, the more certain people would work to defeat it.

Mr. Usilton: I move that a committee of three be appointed to investigate the facts and the need of better fire protection and report to our next meeting.

Mr. Usilton's motion carried and Mr. Jones suggested that the motion include the request to the president and secretary of the Chamber of Commerce to notify every member to be present to hear the report. President Cowan appointed on that committee Mr. Baker, Mr. Bentley and Mr. Sprowls. The meeting at which the committee is to report will be called by the president as soon as the report is ready.

Gleanings From Explosion

Witness Demonstration

Yes it was some Tractor demonstration the fellows in the American History and Vocational classes saw last Thursday.

Fifty boys left school Thursday at noon. About a dozen stopped on the way at Bishop's. Through the courtesy of Brick Beach and Baron Long we obtained permission to go through the factory. This trip proved highly enjoyable as well as instructive. We watched them make everything from jelly beans to soda crackers. It was very interesting to watch the process of making chocolates in the "cold room."

We left Bishop's about 1:15 and arrived at Vail's ranch on the Whittier road, where the demonstration was held, about a half hour later.

At that time few of the tractors were at work, so we went through the tents where the various models were being shown. One of the most interesting was the caterpillar type. This is of particular interest at the present time because it embodies the same principle as the famous British tanks. These come in a variety of sizes. Others of interest were the giant Best and Holt models which are used on immense tracts of land. There were also many models which are attached to Fords. These were mostly for light work.

At 2 o'clock the tractors started work. In the tests we saw that on that particular piece of ground the heavy powerful ones appeared to get the best results. Some large ones turned furrows as deep as 22 inches. As an example of the other extreme, there was one model converted from a Ford and dragging a single plow which barely scratched the ground.

Though it seemed like all the dust in the world was there, all the boys agreed it was worth it to get an afternoon to witness such an interesting demonstration.

Grace Carson, formerly of the class of '19, now living in Sierra Madre, visited school last Friday.

Mildred Wight, a very popular member of the Senior class of '17, was joyfully greeted Thursday when she visited the school.

Saturday afternoon a jolly party of High School girls went to the Orpheum. They reported a very good bill. Those in the party were the Misses Helen Beach, Jula Robinson and Miss Billie and Dottie Gregg.

Boys' Assembly

All the boys met in the auditorium at the consultation period last Tuesday to have a final word before the big stag party to be staged on the campus Friday night. All were enthusiastic and sure of having a bully time. Some of the speakers were Brick Beach, president of the Student Body; Mick Brown, the Senior class president, and Berna Martin, head of the Eats Committee.

Annual Lawn Party

The annual girls' lawn party was a howling success. The girls first met in the auditorium where they sang a few school songs. Miss Flood, who is to be dean of the girls this year, gave a short talk full of sympathy and encouragement.

The Senior and Junior girls took either a Freshman or Sophomore under their wings, after which they all went out to the lawn. The girls each wrote their names on a piece of paper which they pinned on them so as to make all introductions as informal as possible.

If there was any ice to be broken, it was promptly melted after the first jolly game of "three dup." The piece de resistance of the afternoon was the faculty potato race which was won by Miss Fenton. A representative from each class was chosen to take part in an obstacle race. The our girls were then blindfolded, turned around and started on their way. Marie Oliver carried away the honors as she was the first to find her chair with the point of her umbrella. A foot race was next on the program, which was very cleverly won by Bessie Carney, the Junior representative. Punch and dainty cookies were served next, which were very delicious as they were made by the cooking class. After the last fareweils were said they all went home, knowing that another good time is in store next Saturday night at the Stunt Party.

Invitation To Students

The Sparr Fruit Packing company on Glendale avenue has extended a hearty invitation to the students of the Glendale High School. They told some of the students who visited there not long ago that they would like very much to have the classes visit the factory when they were packing fruit. The packing will be resumed in about two weeks.

Girls! Girls! Girls!

Horrors! Horrors! What is this world coming to? A fair young lady sauntering gaily along with a wild looking Indian brave! Calm yourself. He won't scalp her. They're only going to the stunt party. Girls, don't let them get ahead of you. Wear your weirdest costume and be on hand early for all the fun that's coming. You'll find thrills aplenty!

Prodigal Returns

Last Tuesday Mrs. Kerr, formerly Miss Fish, visited school. As Miss Fish it will be remembered she was a teacher in the science department last year.

Roberto Rosa, our noted Philippine orator, has returned to G. U. H. S. after a year's absence. Roberto is enrolled this year with the Junior class where we all expect great work from him.

Last Saturday evening a surprise party was held in honor of Mr. Harold Venske. Mr. Venske is leaving for Stanford University soon and wishing him to remember Glendale, his friends planned this little affair. Among those present were the Misses Cecelia Lyon, Florence Kenworthy, Florence Heacock, Katherine Phillips, Esther Schremp, Ernestine Lyon and Bernice Hann, and the Messrs. Milton Brown, Walter Beach, Tom Phillips, Earl Brown, Kenneth Beldin, Harold Venske and two of our soldier boys, "Ax" West and Howard McGillis. A very pleasant evening was enjoyed by all.

Back to The Soil

Last week Mr. Howdyshel gave a very interesting talk to the vocational study class on agriculture. The object of the talk was to show the students the advantages the farmer will have over the city man in the future. He said that even now there is only one farmer to sell products to every ten men to buy them. He stated that there are 900 million acres of tillable land in the United States, while there are only 450 million under cultivation. Thus only ralf as many products are being produced that should be. This shows that the agricultural industry is open to many bright young fellows. Mr. Howdyshel closed by saying that anyone who wished to learn more about farming would be welcome to come to him any time for information.

Private John Sharpe and Howard McGillis of Company 9, stationed at 'Dead Man's Island," San Pedro, were visitors at school Tuesday. Both Johnny and Howard report a fine time at the island. Ed Seay, former president of class '17, also visited Tuesday. Ed now is with the Union Oil company of Los Angeles.

What the Sewing Class Is Doing

The beginning class in sewing is doing something that must not be overlooked. They are making the daintiest of sewing aprons, affairs of sheerest fabrics, flowered lawns, and trimmed with exquisite lace or crochet. The girls are very painstaking in their work and under the efficient supervision of Miss Mattley the work is progressing finely. We expect to have eighteen of the most exquisite aprons finished this week.

Walter Hawkins, '17, corporal, and soon to be sergeant of the Engineering Department 23 Aero Squadron, is on his way to New York where he will get winter equipment before sailing for France.

The tryouts for the school tennis team will be held a week after the termination of interclass tennis. For further information see Roscoe Puffer.

LA CRESCENTA

Send a book to a soldier or sailor. One dollar will put your name on an inset book plate. Ten cents will help a lot. Mrs. Miller, librarian, will receive the contributions. The County Library will handle the money and books.

Mrs. A. C. Cobb gave a theatre party for Mrs. Bissell and Mrs. Nettleton last Tuesday.

The Red Cross is asking for tops of kid gloves and shoes to line garments for the aviators. Bring them in Tuesday or Thursday when you come to work at the school house, 10:30 to 4:30.

School is in full session. Everybody is glad. Lots of new faces, and good work will be the order of the day and term. The apparatus for the playground that the trustees had installed during the summer meets the full approval of the boys.

Mrs. B. F. Miller, the librarian, announces that the library will not be open Tuesday, October 9th, but will be open Wednesday, the 10th, instead. Please take notice.

The church is having some new seats installed. Come out and fill them next Sunday. You will be gladly welcomed.

Mr. Kemper is building a garage on the east side of Rosemont just at Prospect. Crescenta now has five building operations under way.

Mr. S. S. Thomas is adding a new sun parlor so that the knitting classes can be more comfortably housed.

The La Crescenta Women's Club will meet on October 10th at the home of Mrs. Levy on New York avenue. Don't forget to bring your gift for the basket. This is the first meeting of the fall and a big attendance is looked for.

Little Mary Cloud, who has been so ill, is better and the Clouds will remain in their own home all winter.

Mr. Hangar of the Fairmount Hotel reports a full house and lots of reservations for October. Crescenta does grow on one, and once here our visitors are loath to leave and always come back.

Mr. and Mrs. E. N. Nettleton motored to Arch Beach Sunday, the guests of Mr. and Mrs. Bohon.

Mr. H. A. Baldridge is leaving this week for Grand Canyon.

Baumbackers have moved into their garage on Honolulu until their home is finished.

Next Tuesday the picture is a thriller of the frozen Northland, ice, snow, dog sledges, blizzards, snow slides and more death-dealing episodes and hair-breadth escapes than I can write of, "The Woman." When he held her in his arms, her red moist lips clinging to his, all dangers were forgotten. On his trail by day and by night a horrid something ever lurking in the shadows, ever silently stealing in his wake through the deep snows; verily, it was a Danger Trail that John Howland, builder of railroads, traversed in the Northland. And why was his life in danger? Why was his pathway through the silent places a sinister, a foreboding trail, where frequently the snow drifts turned to crimson? John Howland believed he had no enemies. And the woman—ultimately she proved her abiding love for the stranger; later she— But come, see the Danger Trail, a drama of love and vengeance in the Far North. There will also be a one-reel comedy for the little people.

SUNLAND

Mr. and Mrs. Flory of Riverside, accompanied by their children, were guests of Mrs. Stancliff last Sunday.

Mr. Moody of San Gabriel preached a very interesting sermon last Sunday in the First Baptist church.

Miss Cornelia Herron entered High School at Glendale last Monday. She will take a special art course.

Mrs. Zilla Stancliff and daughter Orpha are spending their vacation at Riverside this week visiting relatives.

Quite a delegation of young people from Sunland attended the Billy Sunday meetings Saturday evening.

Mr. Reel, our accommodating mail carrier, who has traveled this route for the past two years, has been transferred to a route at Long Beach and will leave the first of the week for his new work.
